

**Joel Goldsmith's Infinite Way** message sowed the seeds of the spiritual revolutions that took place in America in the 1960s. He brought the words *consciousness* and *meditation* into the common lexicon, and his teaching inspired many contemporary spiritual and philosophical leaders like Wayne Dyer, Eckhart Tolle and Marianne Williamson.

This documentary film shows Goldsmith's journey from an ordinary businessman to one of the great spiritual healers and teachers of the twentieth century.

**Students from around the world tell how Joel's message influenced their lives, and those who had met him tell us how they perceived him.**

**Producer Sandra Knight** attended many Goldsmith classes in her youth. She worked in the film industry as an actor and writer. Along with producing, Sandra is a certified spiritual coach.

**Director John Stephenson** studied with Joel Goldsmith when he was a student at the University of Hawaii in the early 1960s. He is an author, teacher and artist.

**What others have said about the film:**

**“Beautiful, uplifting and meditative...” C. Wagner**

**“A great job of writing, interviewing and presenting just what was needed to create an awareness of the message and invite viewers to discover more of the legacy Joel created through the Infinite Way.”**

**D. Doheny**

**“The film feels so fresh, varied and beautiful. I love the choreography of the video, interviews, music and stills.” L. Parker**

**“I so enjoyed all the people used to share their experiences and their insights. You really hit that balance to ‘pay attention to the message, not the man.’”**

**S. Ropac**

**“I have nothing but admiration for the way you’ve taken an intangible subject and made it tangible. The script is like a beautiful flower unfolding petal by petal. Truly a work of art. What a gift.”**

**S. Kneuen**
